

## RATE STABILIZATION

Policy No. 8

Date Passed: January 25, 2010

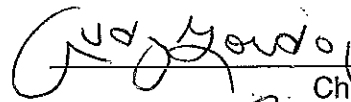

### Policy statement

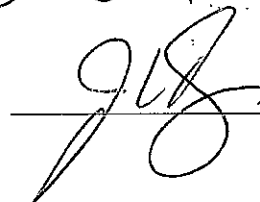

The Commission allocates funds from the operating funds to be utilized as rate stabilization. The Board of Directors at the yearly budget to stabilize rates will allocate the funds if necessary.

An annual review of the amount of funds will be undertaken during the budget review.

### Background

The Commission will have years of varying water use, which results in different volumes of use of water. In addition the City of Red Deer can adjust the water rate on a yearly basis as per the agreement and the Alberta Utilities Rate Model.
